

CHIEFS TO GET RECORD REPORT

Colonel Harry B. Jordan to Send Information On Island Workers' Patriotism.

SUBSCRIPTIONS TOTAL \$800,000

Average Per Capita In Large Federal Plants Given as \$110—Held As Remarkable.

Rock Island arsenal's Victory loan record is held by Colonel Harry B. Jordan, commandant, as so remarkable that he will send information on the outcome to Chief of Ordnance Williams, Secretary of the Treasury Glass, and to Major General Wood.

Less than seven thousand Rock Island arsenal employees subscribed to Victory bonds worth in excess of \$780,000, latest reports compiled by the island loan organization, headed by Lieutenant Laas, show.

In the fourth Liberty loan campaign, Rock Island arsenal employees, then numbering close to 15,000, subscribed to bonds amounting to \$700,000. The present force's record is held as one of the greatest yet made during the present drive.

The average subscription of each employee is reported as \$115. Some employees subscribed to greater amounts, while others were forced to buy less, but 32 out of the 35 arsenal departments hold records

of 100 per cent in the Victory campaign.

Total reports of the subscriptions of the arsenal workers are not yet compiled. Colonel Jordan anticipates that the final figures will show that the island subscribed to \$800,000 and probably a larger amount.

Divide Amounts.
The subscriptions are to be divided among the three cities according to the arrangement made prior to the end of the first Liberty loan.

Rock Island will receive 3 per cent of the total subscriptions. Davenport will get 5 per cent and Moline 1 per cent.

Work for employees of the equipment shop is further assured by the arrival of order for cartridge storage cases. The finished equipment will cost \$150,000.

Warm Weather Rules.

First—Keep the house screened. Second—Kill each and every fly in the house.

Third—Do not allow food to stand in an exposed condition. Fourth—Keep the garbage pail well covered.

Fifth—Disinfect the garbage can twice a week. Sixth—Do not allow rubbish to accumulate.

Seventh—Repair all breaks in screens and doors as soon as they appear. Eighth—See that the screen door has a good catch for a quick closing.

Ninth—Fresh air, sunlight and clean premises prevent disease.

To Clean a burned aluminum kettle or skillet, have a piece of sandpaper. This is a quick and easy way.

AIR MAIL YEAR OLD ON MAY 15

First Anniversary of Installation of This Postal Service Will Be Observed on That Day.

PUBLIC TO WITNESS FLIGHTS

Same Six Planes Which Inaugurated System Will Furnish Exhibition in Trial Trips.

The first anniversary of the inauguration of postal air mail service will be observed May 15, on which date the public will be invited to witness the flights from New York and Washington, the postoffice department announces.

The same six planes with which the service was inaugurated, equipped with the same engines, will be in these flights. Lieutenant J. C. Edgerton, who piloted the first air mail plane into Washington from New York, and who is now chief of flying operations of the postoffice department, will take the mail from Washington to New York in the same airplane, propelled by the same engine in which he flew to Washington with the mail just one year before.

When the air mail service was inaugurated it was predicted that the service would be a seven days' wonder, and it was declared that the maximum life of any one of the planes would be 140 hours' actual flying time.

Is Record Year.
A statement issued by the department today declares that the postal

air service will close its first year's operation with the record of 200 flying hours in the life of several of its planes; 14,000 miles of flying, and it transported by air over 200,000 pounds of mail, or about 8,000,000 letters.

The fact that the six original planes with their engines have survived this year's flying through all sorts of weather, snow, storms, and winds, gales, with sometimes forced landings, has demonstrated the feasibility of commercial air service, and that commercial flying is entirely a different proposition from flying in the military service, the statement adds.

Today's Events

Today is the 130th anniversary of the inauguration of Washington as first president.

Lieutenant and Mrs. Vincent Astor will celebrate today their fifth wedding anniversary.

The National Society of the Sons of the American Revolution today celebrates the 30th anniversary of its organization.

The annual conference of the National Society of the Daughters of the Revolution will begin its sessions today in New York city.

Many Canadians of prominence are to receive honorary degrees today at the convocation of Queen's University, Kingston, Ont.

The wedding of Miss Eleanor Jaeger, daughter of Mr. and Mrs. Otto Jaeger, and Charles Edison Poyer, a nephew of Thomas A. Edison, is to take place this evening at the home of the bride's parents in Montclair, N. J.

The superdreadnought -Tennessee, the first of the 10 battleships authorized in the three-year building program of the United States

navy, will be launched today at the New York navy yard.

In Washington this evening the Minister and Mme. Cremer are to give a dinner for members of the legation and other natives of the Netherlands in celebration of the 10th birthday of Princess Juliana, heir to the Dutch throne.

The marriage is to take place in London today of Lady Blanche Cavendish, second daughter of their excellencies, the Duke and Duchess of Devonshire, to Captain Ivan Cobbold, son of J. H. Cobbold and Lady Evelyn Cobbold.

The First Methodist church in Salisbury, N. C., is to be the scene of a notable double wedding this evening when the two daughters of Senator and Mrs. Lee S. Overman, Miss Kathryn Baird Overman and Miss Grace McDowell Overman, become the brides, respectively, of Gilbert Foster Hambley and Edgar Norris Snow.

Color your Silk Shirt Waists, Rose-Pink or Salmon-Pink. One tablet is enough to color one dozen waists or 6 to 8 shirts. 10 cents.

Department and Drug Stores.

Velvet

THE SMOOTHEST SMOKING TOBACCO

Smoke over your problems. A little drawin' on a fren'ly pipe often saves a heap of drawin' on a bank account.

Velvet Joe

Velvet is a friendly tobacco in the truest sense, because, like friendship, it has been allowed to ripen naturally—nothing forced or unnatural.

There are "hurry up" ways with tobacco but only patient ageing (two years in wooden hogsheads) can bring out the mellowness that sets Velvet apart.

Roll a Velvet Cigarette
Velvet's nature-aged mildness and smoothness make it just right for cigarettes.

You know what mellowness is—now think of a good friend who is never harsh to you.

There you have the big thing about Velvet—mellow friendliness.

You and Velvet—begin your friendship today.

CHANDLER SIX \$1795

Come and See the New Chandler Touring Car

Most Beautiful Big-car Offering of the Season, and the Price is Only \$1795

THE new Chandler touring model is here. We have waited for it. Old Chandler owners have waited for it. It's here now and we are all proud and happy.

The Chandler of the past has had splendid bodies, but the new Chandler touring car even surpasses its immediate fore-runner in beauty of line, in bigness, in comfort of its cushioning, in the nicety of its custom-like workmanship and in its lustrous finish.

The new Chandler Touring is a big car. Its high hood and radiator, its broad cowl, its wide and deep doors give it distinctive appearance.

And it RIDES,—it rides like a dream

Nothing has been cut out to permit the delivery of this fine big touring car at the Chandler price. Indeed, many little details of nicety are added. The back curtain window is beveled plate glass. The clear-vision side curtains fit snugly and open with the doors. There are detachable rear quarter-bow curtains. There are outside door handles.

Carrying this Handsome Body Is the Famous Chandler Chassis

You will choose the new Chandler touring for its bigness and its comfort and its handsome dignity. But you will choose it, too, for its mechanical excellence. Fifty thousand Chandler owners know, better than we can tell you, what a good car the Chandler is. The famous Chandler motor and the sturdy excellence of the whole chassis make the Chandler notable among fine cars.

Features which have been standard Chandler qualities in the past are continued. The cushions are upholstered in genuine hand-buffed plaited leather. The front compartment floor boards are covered with heavy gray linoleum, aluminum-bound. The two comfortable auxiliary chairs fold away, entirely concealed, when not in use.

The Chandler continues for 1919 all its distinguished mechanical features; solid cast aluminum motor base extending from frame to frame, silent chain drive for the auxiliary motor shafts, annular ball bearings, Bosch Magneto ignition and many other features of design and equipment characteristic of the highest-class motor car construction.
